# Spring Winding Tools

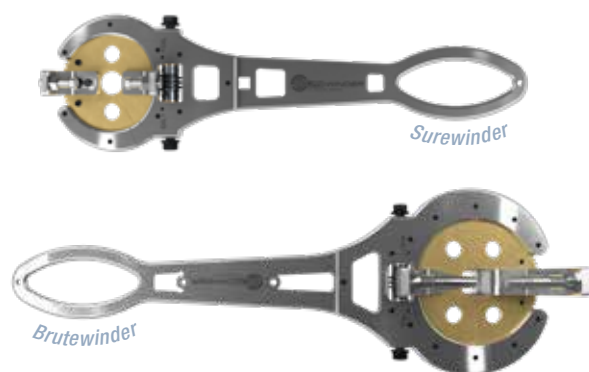

Product Information

# Spring Winding Tools

Efficient spring winding is crucial for safety and productivity. Our **Surewinder** and **Brutewinder** tools simplify the process, improving precision and ergonomics while reducing strain. The Surewinder is perfect for residential and light industrial tasks, while the Brutewinder tackles the toughest industrial jobs with higher torque.

These tools feature worm gear technology, which prevents spring back-driving, making them much safer compared to traditional winding bars. Crafted from durable materials, like **stainless steel and bronze**, they offer long-lasting reliability, **reduce manual effort**, and **enhance overall safety**. For easy storage and portability, the tools come in a **convenient suitcase**.

Upgrade to a safer and more efficient spring winding solution today!

## Built to Last

Durable stainless steel and bronze construction for long-lasting performance.

## Reduced Manual Effort

Ergonomic design minimizes strain and makes operation easier.

## Safe and Secure Winding

Reduced risks compared to using traditional winding bars.

	Surewinder	Brutewinder
<b>Max. torque rating</b>	115,8 Nm	285 Nm
<b>Max. wire thickness</b>	9 mm	12 mm
<b>Nut for driving</b>	14 mm with a 6-point socket	
<b>Min. clearance area (from shaft to wall)</b>	64 mm	89 mm
<b>Suitable spring diameter</b>	51 - 95 mm	51 - 152 mm
<b>Suitable shaft diameter</b>	25,4 mm (1")	25,4 mm (1") & 31,75 mm (1,25")
<b>Weight</b>	3,4 kgs	5 kgs
<b>Size of tool</b>	533 x 152 x 89 mm	625 x 206 x 127 mm
<b>Material</b>	304 stainless steel & bronze
